About us

Metalcaucho has been creating rubber and metal spare parts for the automotive industry for more than 30 years, for the major car brands. We control the entire process, from the design of initial part to serial production, which allows us to guarantee constant quality and has led us to be leaders in the sector.

+18.000
part numbers in our catalogue (January 2019)

+ 5.800
part numbers in antivibration parts

+ 3.800
part numbers in cooling

+ 6.850
part numbers of other spare parts

+ 1.750
part numbers in hose range

How do we work

R & D, Product development

We control the entire process, from the design and development of the initial sample to serial production, and we implement after-sales monitoring mechanisms to provide a quick response to our customers.

3,2%
of sales for annual investment in R & D

Own production plants

We have exclusive factories that give us a productive flexibility to cover all market needs.

Metalcaucho, quality and trust brand

Quality

The quality system, organization, production and processes are regularly **audited by third parties.**

We report customer incidents to our production plants and ensure that both **preventive and corrective actions** are implemented.

In Metalcaucho we continuously update our **quality policies**, in order to guarantee and reinforce the high reliability of our product portfolio. As a consequence, we constantly reinforce the department staff, and we have made an important **investment in laboratory equipment.**

Logistic

Our logistics warehouses are located **near the port of Barcelona**. We also have facilities distributed throughout the world that allow us an optimal productive capacity, as well as **flexibility and quick availability** in deliveries, both in Spain and in export markets.

+95%
Service rate
with fast order preparation

What makes us different?

We constantly **expand** our catalogue

We **control** the entire production processes

We **innovate** in research and development

We **shorten** the time-to-market

Online Shop

In our e-commerce you will find our updated stock, a practical and agile tool both for consultation and orders.
